楽曲タイトル
ROCK/POPS NEW ALBUM
MeIt My Heart To Stone
                                                          ADELE
First Love
                                                          ADELE
                                                          ADELE
Right As Rain
Make You Feel My Love
                                                          ADELE
My Same
                                                          ADELE
Tired
                                                          ADELE
Blackberry Street
                                                          BENNY SINGS feat. Urita
Over My Head
                                                          BENNY SINGS
Overnight
                                                          BENNY SINGS
All I'm Good For
                                                          BENNY SINGS
Don't Work Like That
                                                          IMAN
Love Fool
                                                          IMAN
I Love You
                                                          IMAN
                                                          IMAN
If I Knew
Who Was I Trying To Fool?
                                                          IMAN
ROCK/POPS NEW ALBUM
                                                          PJ Morton
Fly Away
Inside Your Heart
                                                          PJ Morton
How We Were (Remix)
                                                          PJ Morton feat. Freestyle Nation
Two Hearts
                                                          PJ Morton
This Feeling
                                                          PJ Morton
E MELODY
                                                          Emily King
IT WAS YOU
                                                          Emily King
MOON
                                                          Emily King
BUSINESS MAN
                                                          Emily King
NEVER BE LONELY
                                                          Emily King
Hood Buzzin
                                                          kevin michael
Ain't Got You
                                                          kevin michael
Stone Cold Killa
                                                          kevin michael
Weekend Jumpoff
                                                          kevin michael
                                                          kevin michael
Love Letter
ROCK/POPS NEW ALBUM
WON'T GO AWAY
                                                          The Feeling
                                                          The Feeling
LONELINESS / CONOR / THIS TIME
                                                          The Feeling
DON'T MAKE ME SAD
                                                          THE LODGER
An Unwelcome Guest
                                                          THE LODGER
Running Low
Nothing Left (To Say)
                                                          THE LODGER
                                                          THE LODGER
Famous Last Words
You Said You Were Leaving
                                                          THE LODGER
Endless Summer Of The Damned
                                                          BAUHAUS
Saved
                                                          BAUHAUS
Mirror Remains
                                                          BAUHAUS
Black Stone Heart
                                                          BAUHAUS
ROCK/POPS NEW ALBUM
                                                          IN FLAMES
DELIGHT AND ANGERS
                                                          IN FLAMES
MOVE THROUGH ME
                                                          IN FLAMES
CONDEMNED
DRENCHED IN FEAR
                                                          IN FLAMES
MARCH TO THE SHORE
                                                          IN FLAMES
Paljon On Koskessa Kivia -流浪の丸太乗り
                                                          Korpiklaani
Kantaiso -我が祖先
                                                          Korpiklaani
Kipumylly -苦痛の臼
                                                          Korpiklaani
Suden Joiku -狼のヨイク
                                                          Korpiklaani
Runamoine
                                                          Korpiklaani
the somber lay (翳りゆく季節)
                                                          ELUVEITIE
slanias song (スラニアの詩) /
giamonios ~夏~ / tarvos ~黄金の牛~
                                                          ELUVEITIE
```

calling the rain (歓喜のヘルヴェティカ)
